## Personal Summary

Working with the public has continued to improve my skills, expand my interests in helping others. I want to be able to make changes within the systems around us especially with in the Legal, Justice and behavioral health system. My goal is to expand my knowledge so I can advance in my career as well as help others. I would describe myself as a charismatic team player and I'm always eager to learn from others and further my education and advance in my career.
